Pacifique Absinthe Pacifique is made in exact accordance to a classic 1855 French recipe, and faithfully represents a recreation of the kind of absinthe one would drink in 19th century France. Pacifique is artisan distilled using historic distilling techniques in a hand-hammered copper alembic pot still. By using only the finest grain spirits and selected botanicals chosen from around the globe, we insure a truly world class product that reflects the undeniable qualities of the art of traditional distilling.

Voyager Gin Voyager Gin tastes the way gin is supposed to taste: bold juniper, fresh, light citrus and mild hints of exotic spices; not like whiskey, not like vodka.

Peabody Jones Vodka Distilled by a Northwest legend from 100% organic soft winter wheat grown exclusively in Washington State. Delightfully smooth, with a creamy mouth feel and hints of butterscotch, vanilla and almond on the nose.

White Dog Whiskey Aromas of frosted peach pastry, buttercream and raisin bran with a soft, silky dry-yet-fruity medium-to-full body and a super smooth, lingering peppery spice, Brazil nut, and grainy flour accented finish. Great purity and balance.

Soft Tail Vodka Part of the unique character of Soft Tail vodka comes from the high quality fruit sugars that are found naturally within a Washington apple.

Single Silo Vodka Single Silo vodka is produced within the walls of Project V Distillery and Sausage Company. It tastes like wheat. It is the fruit of several sets of hands, hearts and minds complimented by a range of equipment. Our equipment is simple. We build our own stills and create our processes from the ground up.
